Windsor Regional Hospital Salary Disclosure

WINDSOR, ON. In accordance with the Ontario Public Salary Disclosure Act, 1996, Windsor Regional Hospital (WRH) has released its list of all employees who earned in excess of \$100,000 in salary and their taxable benefits for the 2018 calendar year.

Salaries for both non-union and those represented by a union have been based on surveys of comparable hospitals in order to determine an appropriate and fair compensation based on their responsibilities at WRH.

“The Board of Directors of Windsor Regional Hospital recognizes that compensation has to be fair and reasonable for all staff at the hospital as well as comparable to that of other healthcare institutions across Ontario. Competitive employee compensation levels allow us to attract and keep the best organizational leaders and employees,” stated Dan Wilson, Chair of the WRH Board of Directors.

WRH has an annual operating budget of over \$500 million per year, approximately 3,800 employees, more than 450 medical, dental and midwifery staff and approximately 550 acute care beds.

Out of approximately 150 hospitals in Ontario, WRH is one of the largest community hospitals in the Province of Ontario, serving as the regional provider of advanced care in areas that include complex trauma, renal dialysis, cardiac care, stroke and neurosurgery, intensive care, acute mental health, family birthing centre, neonatal intensive care, paediatric services, regional cancer services, and a broad range of medical and surgical services required to support these specialized areas for more than 400,000 people in Windsor and Essex County.

In 2018, 319 Windsor Regional Hospital employees earned \$100,000 or more in salary and taxable benefits.

The following is the list of all Windsor Regional Hospital employees who earned \$100,000 or more in 2018.
